Objective To obtain employment within the field of Web Design that utilizes my Digital design experience and programming knowledge.

Education Fountain Valley High School
17816 Bushard St, Fountain Valley, CA 92708
Graduated June 12, 2013
While enrolled I participated in the swim team, was president of both the bowling club & the photography club. I worked on designing the school yearbook, as well as assisted in designing & publishing the first school magazine.

Experience

<ul style="list-style-type: none">- Built and maintained wordpress themes- Built custom sites from scratch- Optimized for mobile- Worked on internal projects- Built promotional websites- Search engine optimization- App development	

Skills Profesional Skillset: Html5, Css3, Javascript, Php, Wordpress

Working Knowledge: Asp, Objective-c, Java, Web GL

Tools: Adobe CS6, Brackets, FileZilla, GitHub, & of course Google.

Although I've worked in multiple disciplines, my expertise lies in front-end development and interaction design. I have a passion for solving problems, constantly perfecting my craft, and producing work that I can be proud of. I'm currently available for projects small or large, so if you're interested in hiring me, check out my work, and let's get in touch.
